

CICS Bullying Prevention Policy

I. Purpose

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bullying is directly contrary to this and can cause physical, psychological, and emotional harm to students and interfere with their ability to learn and participate in school activities. Bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and/or dropping out of school, fighting, use of drugs/alcohol, sexual harassment, and sexual violence. (105 ILCS 5/27-23.7).

A safe and civil school environment is necessary for students to learn and achieve. Chicago International Charter Schools (CICS) promotes a safe and secure learning environment for all students and takes allegations and reports of bullying very seriously.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited.

Bullying is contrary to State law and the policies of CICS.

No student shall be subjected to bullying:

- (1) During any school-sponsored education program or activity;
- (2) While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;
- (3) Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or
- (4) Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process

or orderly operation of school. This only applies in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school staff or monitor any non-school-related activity, function or program.

Nothing in this policy is intended to infringe upon any right to exercise free expression or the free exercise of religion, religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

However, making a false accusation of bullying as a means of retaliation or as a means of bullying is prohibited and will be treated as bullying for the purpose of determining appropriate consequences.

IV. Policy Evaluation

This policy is based on the engagement of a range of school stakeholders, including students and parents or guardians. Furthermore, the policy is consistent with the other CICS policies.

This policy will be posted on CICS existing, publicly accessible internet website. Additionally, it will be included in the student handbook where applicable, posted where other policies, rules and standards of conduct are currently posted in the school. The policy will be provided periodically throughout the school year to students and faculty and will be distributed annually to parents, guardians, students, and school personnel, including new employees when hired.

CICS shall conduct a review and re-evaluation of this policy every two years to assess the outcomes and effectiveness of this policy and shall make any necessary and appropriate revisions. As part of this process, CICS shall review various factors including but not limited to:

1. The frequency of victimization.
2. Student, staff, and family observations of safety at school.
3. Identification of areas of a school where bullying occurs.
4. The types of bullying utilized.
5. Bystander intervention or participation.

CICS may use relevant data and information it already collects for other purposes in the policy evaluation. The information developed as a result of the policy evaluation must be made available on the internet website of CICS. If an internet website is not available, the information must be provided to school administrators, school board members, school personnel, parents, guardians and students.

No later than September 30 of the subject year, the policy must be filed with the State Board of Education after being updated.
